GREAT HORIZONS

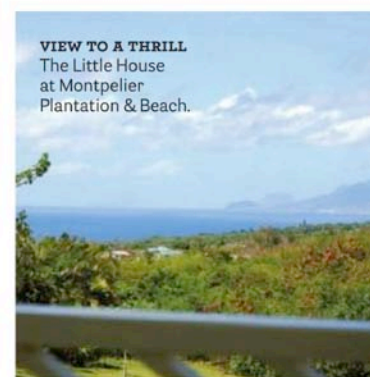

Roatan, an island off the Caribbean coast of Honduras, welcomed its first golf course in January, The Black Pearl. Designed by legendary father-son duo Pete and Perry Dye, The Black Pearl features 14 holes with ocean views and a Dye-signature, island-green par 3. The island is also home to **The Resort & Spa at Pristine Bay**, a boutique resort and spa with 60 rooms and suites. Pristine Bay Resort, in partnership with Lancaster Group, is the island's first five-star hotel. It also features a wide variety of residential products, including bayview and golf course condominiums, two-, three-, and four-bedroom villa units and one-quarter-acre custom home lots, many with unobstructed views of the ocean. Villas start at \$800,000 and range up to \$1.2 million; Phase I and II lots are priced from \$250,000 to \$1.2 million; and condominiums from \$348,000 to \$700,000. pristinebayresort.com.

HARD ROCK INTERNATIONAL is splashing onto the Caribbean scene with the opening of Hard Rock Hotel & Casino Punta Cana in the Dominican Republic. The 121-acre property on Macao Beach is Hard Rock's first all-inclusive hotel-casino. The January 2011 opening marked the brand's debut in the Caribbean. Among the 1,800-room resort's offerings are accommodations featuring the Hard Rock's branded "Rock Star Suite," the signature Rock Spa, iconic music memorabilia, and a Vegas-style casino.

Guests can test their luck at the 48,000-square-foot casino, the largest in the Dominican Republic. Avid and amateur gamers alike can go all-in at its exclusive high-limit poker room, VIP lounge, race and sports book, or any of its 457 slot machines and 40 gaming tables.
